

Workway Launches Outplacement Service Center

Burbank, Calif., Feb.13, 2007 – Workway, a Burbank, Calif.- based staffing firm specializing in serving the financial and other technical industries, recently launched its Outplacement Service Center, a diversified employment service dedicated to directing and supporting displaced workers throughout their job search to find reemployment.

The center provides a networking experience for applicants, offering a broad range of opportunities to fulfill each individual's specific needs and goals. Anyone who contacts the Outplacement Service Center will receive free health insurance information, financial guidance, employment options and have access to a resume writing service.

"Any person with skills can easily be reemployed," said Matt Johnston, CEO of Workway. "It is our commitment at Workway to appropriately match these skills with a suitable job at absolutely no cost or employment obligation."

Workway associates in this program receive third-party benefits from companies such as Via Solo, a marketing provider of affordable health benefits with individualized enrollment that enable temporary employees to choose a health program specific to their needs.

As part of Workway's services, applicants are extensively pre-screened, interviewed in a one-to-one setting and offered skills assessments tests to confirm job seekers' qualifications and placed in a temp-to-perm or direct-hire position. The company currently employs 45 full-time staff and has more than 150 customers nationwide.

About Workway

Workway (Burbank, Calif.) provides temporary, temp-to hire and direct-hire employees to the financial, auto finance, IT and healthcare industries. The company specializes in identifying qualified candidates through face-to face interviews, skills testing and reference checks. Workway specializes in matching companies with qualified job seekers in the mortgage lending and financial industries.
